

FALL 2009

SUMMER 2009 REVIEW

THIS SUMMERS Rising Stars have much to talk about for the school year. At the beginning of the summer, campers learned about hot air balloons with a live demonstration presented by the Alabama Jubilee Company. Other great highlights included the math, reading and art programs. In particular, campers were able to exercise their math skills and have fun at the same time by participating in math challenges, competing against one another. Our math instructor put campers to the test in the weekly Rising Stars math bowl.

The Birmingham Board of Education has scheduled a number of days as holidays if they are not needed as makeup days due to inclement weather. After school care will be available on these days only if a sufficient number of children are signed up and advance payment is received. Holiday care hours are 7:00am - 6:00pm.
